Russia Sends Troops, Tanks to Industrial Areas

BERLIN (UP) — Columns of Soviet troops and armor were reported moving toward industrial centers throughout rebellious East Germany today to put down rapidly spreading strikes by workers who defied a Red ban on acceptance of American "Eisenhower food parcels."

Heavy concentrations of Soviet troops and armor were reported massed in East Berlin a few miles from the West Sector distribution centers where upwards of 1,600,000 hungry East Germans have collected free food sent by the United States.

The anti-Communist "fighting group against inhumanity," which has reliable contacts throughout the Soviet zone, reported Soviet troops in division strength were moving in many areas of the restlessness, riot-searred Russian occupation zone. Other thousands of Russian-trained, East German police also were reported moving in on trouble centers.

Showers Forecast for the Midwest

By United Press

Showers were forecast in the Midwest today, along with a second day of cool weather.

More showers, moving from the west, were headed for central Illinois and Michigan tonight, bringing expected readings in the 70s to Wisconsin and Michigan, temperatures in the 80s to other Midwest states, and 90-degree weather to the Ohio valley.

Temperatures were cool yesterday over most of New England and the Middle Atlantic states. Chicago, with a high of 75, was 13 degrees warmer. Elsewhere temperature changes have been slight.

Winds, showers and thunderstorms followed a reported tornado into South Dakota yesterday. Sioux Falls reported 1.15 inches of rain from an afternoon thunderstorm.

Gusts as high as 70 mph occurred at Garden City, Kan., and visibility was almost zero in blowing dust at Sidney, Neb.

Lightning Strikes Tree, Kills Five Cows Near Hope

Lightning in the early morning hours killed five head of stock on the farm of Arlin Moses, nine miles south of Hope on Highway 20, it was reported here.

Apparently the cows were grouped under a small gum tree which was struck and the lightning killed five. Possibly others escaped as Mr. Moses said there was one cow which he couldn't do a thing with and it acted like it was crazy.

Mr. Moses believes the incident occurred about 4 a. m. as he was awakened by lightning at that time. He found the dead cows after daylight.

Dick Haymes, Singer, Arrested for Deportation

WASHINGTON (UP) — Attorney General Herbert Brownell, Jr., announced today that immigration service agents in Los Angeles have arrested singer Dick Haymes for deportation to his native Argentina.

The deportation warrant against the 34-year-old singer-actor was based on the fact that in World War II he obtained an exemption from military service, at his request, because he was a citizen of a neutral nation, Argentina.

The Justice Department said that under the McCarran-Walter Immigration law this exemption "makes him ineligible for naturalization and, therefore, automatically deportable of excludable."

The Justice Department said it learned last June 1 that Haymes had received "relief" from military service when he was examined by immigration service agents at Los Angeles on his return from a trip to Honolulu.

The Justice Department said that Haymes, who has appeared in motion pictures and on radio and television programs, was born in Buenos Aires, Argentina, on Sept. 13, 1918. It said he entered this country for permanent residence on May 28, 1937.

Under the normal deportation proceedings Haymes will be given a hearing by an inquiry officer on the deportation charges.

If a deportation order is issued by the hearing officer, Haymes can then appeal to the board of immigration appeals and ultimately to the courts.

AEC to Study Cherry's Tax Revision Plan

LITTLE ROCK (AP) — A thorough study of Gov. Cherry's plan to revamp property tax assessments has top priority as a project for the Arkansas Economic Council—State Chamber of Commerce.

A 15-member panel on community and state government problems yesterday decided to make the study.

Panel Chairman H. J. Gingles of Benton said the probe was recommended because of the recognized need for some type of tax assessment reform.

Cherry's proposal, placed on the 1954 general election ballot by the last legislature, would assess all property at its full value and place limits on the amount of millage that could be levied by cities, counties and school districts.

Gingles said the research was not a move to either champion, or oppose the Cherry amendment.

The University of Arkansas will cooperate in the research. Dr. Henry Alexander of the university said he expected a report would be made before next year's election.

Cherry's proposal, placed on the 1954 general election ballot by the last legislature, would assess all property at its full value and place limits on the amount of millage that could be levied by cities, counties and school districts.

Five Killed, 24 Hurt in Okla. Bus, Car Wreck

HYDRO, Okla. (AP) — Five persons were killed and 24 injured today, many critically, when a Greyhound bus and a car pulling a house trailer collided on a bridge and then plunged 25 feet into a ravine.

The dead still were unidentified five hours after the collision three miles west of here on U. S. Highway 66.

Hydro Town Marshal E. W. Lewis, one of the first on the scene, said the dead were scattered about and the injured screaming for help.

HYDRO, Okla. (AP) — A Greyhound bus and a car pulling a house trailer collided on a bridge west of here on U. S. Highway 66 today, killing four persons and injuring at least a score.

Hydro Town Marshal E. W. Lewis, one of the first on the scene, said he counted four dead and "two had injured lying all around, maybe as many as 30."

Ambulances, nurses and doctors were summoned from surrounding cities. Attendees at a hospital in Weatherford, five miles west of the scene, said they could give no count on the accident patients because "they're all over the place."

Lewis said that after the collision, the bus and the car rolled off the end of the bridge and down a 25-foot ravine. The house trailer came uncoupled and remained on the bridge.

Ship Picks Up Bodies of Two From Bomber

LONDON (AP) — Ships picked up today the bodies of two more American airmen from the giant U. S. Air Force B-36 bomber which crashed in flames in the Atlantic yesterday.

Five bodies have been recovered thus far. Four men were rescued alive. Fourteen others of the 23-man crew are still missing and hope dimmed tonight that they could have survived.

Two bodies were picked up today, one by the Swedish freighter Monica Smith and the other by the British weather ship India. Wind increased in violence today over a 200-mile expanse of heaving sea, 300 to 500 miles west of Ireland as planes and ships searched the area.

By ALVIN STEINKOPF
LONDON (AP) — U. S. Air Force planes roared off British fields in dismal weather today to continue the desperate search for 16 American airmen still missing in the icy North Atlantic.

Surface ships were en route to British ports with four survivors and three bodies, the rest of the 23 men aboard a giant B-36 reconnaissance bomber when it went down before dawn yesterday south of Iceland with 5 of its engines ablaze.

The survivors and the bodies were picked up from lifeboats and one-man dinghies after planes directed the ships to the areas.

Heavy fog delayed the takeoff of the first daylight search flight of 25 planes until 9 a. m. today but the weather was expected to clear later.

Complaint From Wife Leads Young Scientist to Fame and Fortune in Only Two Years

By HAL BOYLE
NEW YORK (AP) — All most husbands feel they get for trying to please their wives is exercise—and maybe a kind word.

But the reward of Paul Charlap, a 28-year-old chemist, was fame and financial success. It was by trying to please his wife that Charlap developed Nylast, a chemical substance that increases the snag-resistance of nylon stockings and adds to their wearing quality.

The Charlap success saga is the kind of young-love-conquers-all story that Hollywood would reject as too true to life to make a good movie.

Back in 1949, while caring for their infant son, "Cookie" Charlap snagged her stocking and complained to Paul:

Three Arrested in Lafayette on Liquor Charges

STAMPS — Three men were arrested by Lafayette County Sheriff and alcohol tax unit and state police on a charge of owning and operating a liquor still.

They were listed as Willie and Loyce Blankenship, brothers, of Stamps and Buford Bearden of Patmos. They were arrested a quarter of a mile from a still as they came out of the woods with several gallons of liquor in sacks.

The whiskey was thrown in Bodcaw Creek in effort to get rid of it and it took officers several hours to recover the jars.

A 5-gallon still and two hundred gallons of mash were destroyed. The three men were placed under \$500 bond in U. S. Court at Texarkana. Bearden had been arrested five weeks ago in Hempstead county on similar charges and was already under bond.

Flood Control, Millwood Dam Discussed

L. R. Mathias, Executive Vice President of the Red River Valley Association, was the speaker at the Hope Kawanis Club this week. Mr. Mathias talked in general of the overall plans concerning flood control and conservation in the entire Red River Valley area.

Of primary interest to the local people was his emphasis upon the flood control and water conservation project known as the Millwood Dam on Little River, a tributary of Red River.

The Red River Valley Association is concerned with flood control and conservation of Red River and all its tributaries. For many decades now the problem in the Red River Valley has been too much uncontrolled or not enough water.

Floods have occurred about once every ten years since 1890, the latest of which was in 1945, which caused approximately twenty five million dollars loss in the Red River Valley area.

Since the authorization of the six flood control projects on the Little River in 1946, the Texas Dam has been built on the Sulphur River and a dam program with money appropriated at Ferris Bridge in East Texas near Jefferson, but the Millwood Dam was considered to be the most important of all and was the largest project at cost of about 38 million dollars.

Now is the time for the area concerned to make and requests to the engineers for municipal water, industrial water, and irrigation water in connection with the flood control and conservation project known as Millwood Dam.

The latest study of the Millwood Dam project was completed in 1951 and everything concerning the project is now ready for the final design and the construction. According to Mr. Mathias, these control projects in the Red River Valley area are of utmost importance particularly to the generations that are yet to live in this area.

Police Probe Wreck and Prowler Calls

President in Veto of Bill to Kill Movie Taxes

WASHINGTON (AP) — President Eisenhower today vetoed a bill which would have repealed the 20 per cent federal tax on movie tickets.

It was the first major piece of legislation Eisenhower has refused to approve.

Is a "memorandum of disapproval," he said he was taking this step because the government cannot afford the loss of revenue and "it is unfair to single out one industry for relief at this time."

By WARREN ROGERS JR.
WASHINGTON (AP) — President Eisenhower, beset with budget-balancing woes amid pleas for tax relief, seemed ready to impose his first major veto today — against repeal of the 20 per cent tax on movie tickets.

Congressional sources predicted Eisenhower will kill the bill by simply doing nothing, then issue a statement saying why.

Such a "pocket veto" is permitted when Congress is not in session. Otherwise, he would have only two alternatives: (A) sign the bill into law, or (B) veto it with an explanation to Congress.

Should the President take the latter course today, the deadline for presidential action on the measure, Congress could vote when it reconvenes in January on whether to override the veto. But a pocket veto is final.

The bill passed both the Senate and House overwhelmingly, despite objections by the Treasury Department.

Eisenhower has said repeatedly that taxes should not be cut until a balanced budget is in sight.

Treasury spokesmen argued the movie theater tax brought in a needed 100 million dollars annually and, if repealed, would have demands for similar relief from other industries.

PMA Group Names Gilbert Chairman

Returns on the Hempstead County PMA Committee election held in Hope on Friday, July 31, showed that H. B. Gilbert of Rt. 1, Washington was elected chairman, W. E. Hope, member, Stannard Goodlett of Ozan and Bill Schooley of Rt. 3 Hope were elected alternates.

All of the committeemen are farmers. Gilbert, Loc, and Kidd were re-elected and Goodlett and Schooley are new members.

The committeemen will take office Sept. 1, 1953 and will be responsible for the county administration of the Agricultural Conservation Program, price support activities, Federal Crop Insurance, and other activities which may be assigned.

H. B. Gilbert, chairman, owns and operates a farm at Cross Roads. On this farm he produces cotton, corn, hay and livestock. He has been cooperating in the Agricultural Conservation Program since 1936. This year he is carrying out the following soil and water conservation practices: Constructed stock pond, seeding lespedeza for pasture and application of superphosphate and potash on permanent pasture.

The vice-chairman's farm is located at Sweet Home where he produces cotton, corn, small grain, hay, and livestock. He also is carrying out soil and water conservation practices on his farm.

Mr. Kidd, the third regular member, owns and operates a farm near Spring Hill. He produces corn, cotton, hay, truck and livestock. He too, is carrying out conservation practices on his farm this year as he does every year.

Mr. Goodlett, first alternate, owns and operates a general farm near Ozan. He produces cotton, corn, hay and livestock on his farm. He too, is a believer in soil and water conservation practices each year. He also owns and operates a cotton gin on his farm.

Mr. Schooley, the second alternate member, owns and operates a farm about 5 miles north of Hope. He also is a general farmer and produces cotton, soybeans, corn, small grain, hay and livestock. He also carries out one or more conservation practices each year.

In fact, one of the eligibility requirements for committeemen is that they must be farmers and participating in at least one phase of the farm program during the current year.

LITTLE ROCK (AP) — Prices received by Arkansas farmers for products they sold during the 30 days ended July 15 increased one per cent, the Federal Statistical Service said yesterday.

Fear Grows That Reds May Be Holding Back Hundreds of Americans

Freed Corporal Tells How Fellow Prisoners Buried 1,500 Buddies in Cold North

Springdale Girl Victim of Polio

By JIM BECKER
FREEDOM VILLAGE, Korea (AP) — An American Army corporal freed today by the Communists said he had seen more than 1,500 of his fellow U. S. prisoners buried in the frozen earth of North Korea in two months of the bitter winter of 1950-51.

Cpl. Russell P. Ames of Auburn, Wash., said he had helped bury most of them.

James, an American Indian, told with quiet noble dignity of the horror and death, blood and brutal whips of his North Korean and Communist captors. There was much to tell.

"We had a burial detail of about 50 men every day. I was on almost every detail," he said.

"Every day there were from 25 to 30 American soldiers who had to be buried. They died of their wounds — we had no medical treatment at all. They froze to death. And they didn't get enough to eat."

"This went on for two months. Then the treatment improved and the guys stopped dying so fast."

FREEDOM VILLAGE, Korea (UP) — Reports returning war prisoners indicated today the Communists may be holding many Americans behind bars in North Korea on trumped-up charges.

At least three of the Americans repatriated at Panmunjom in "Operation Big Switch" which started Wednesday told of the falling of Americans.

They said the ludicrous charges against the jailed men included "insulting against peace" and prisoners.

The presence of military censors at Freedom Village prevented details of the imprisonment of the Americans from becoming known immediately.

And the United Nations was not expected to make any charges against the Communists until all of the 3,313 Americans on the Red repatriation list gain their freedom.

(In Des Moines, Ia., the family of Lt. Col. Alarich Zacharia, 32, said they believed he was one of the officers referred to by the freed prisoners as having been sentenced to prison on trumped up charges. Zacharia's brother, Hedo, said their information came in a radio broadcast from Korea, but he gave no other details.)

The meager reports drawn from the freed prisoners by newsmen showed that continued trenchery could be expected from the Communists.

The condition of many of the prisoners returned in "Big Switch" indicated, too, that the Communists had gone back on their word to repatriate all sick and wounded captives in "Operation Little Switch" last April.

According to Maj. John Dwyer of San Pablo, Calif., number of officers awaiting repatriation were pulled out of Communist compound at the last minute before the prisoner exchange began and jailed on ludicrous charges.

Dwyer was the first to bring the news that the Communists were holding back Americans due to be repatriated.

All Around the Town

By The Star Staff

Let us forget the weekly wrestling matches will be held on Tuesday from now on, starting August 11... a couple of new faces will appear next week... the change, according to Bob Shivers, will enable Hope to get better fighters.

No doubt Fire Chief Willis would like to see the city pass a law, and so would a lot of others, setting hours during the day to burn trash or paper, etc. In larger cities persons caught burning anything after certain hours are heavily prosecuted... soon the tall weeds and grass on vacant lots around town will be fire hazards and if Hope had a fire law people could sleep a little better at night... incidentally the city does have a law that requires all property owners to keep the grass and weeds cut on their property... it can't get higher than 10 inches, according to the ordinance which is not enforced... think what a help it would be to the fire department if it was enforced.

70 American Homes Are Happier

By United Press
Dams of joy broke in 70 American homes today with news that more prisoners of war were free from Communist barred wire.

One sentimental mother planned to stuff her boy with fruit cake she saved from a lonely Christmas 19 months ago.

Another fainted.

The fervent religious thanks of pious wives and mothers were impressive.

"Thank the Lord — that's wonderful," said Mrs. Flora B. Hill, a Negro farm wife who lives near Nyauku, Okla., a neighborly postmaster, Miss Elizabeth Bolderman, took the news that Pvt. Oscar Hill was safe, to thank him home because the hills have no telephone.

"Thrilled, excited and thankful" were the words used by Mrs. Thomas D. Harrison of Clovis, N. M., when she learned her husband, a lieutenant colonel was safe. He is a distant cousin of the chief U. N. truce negotiator, Gen. William K. Harrison.

Like many other men, Lt. Col. Harrison will return to his family with tales of Communist brutality and torture. He was beaten with sticks.

Eugenio Pena of Brownsville, Tex., did not know his son, Pfc. Enrique Pena, was alive until last night's list was released, but he insisted on believing.

"I knew he was alive — I had faith he was," the father said.

"In the excitement of common happiness families across the country reacted much the same."

"I'm so excited I can't possibly put into words how wonderful I feel," said Mrs. Margaret Towner of Cuyahoga, N.Y., mother of Cpl. Maynard A. Towner.

"I feel wonderful, but you can't express it in words," the father of Cpl. Charles F. Heen said a few hundred miles away in St. Louis.

81 Additional 'Healthy' Men to Be Released

By WILLIAM MILLER

PANMUNJOM, Friday (UP) — The Communists promised to return 81 more "healthy" Americans at Freedom Gate today, but the joy over their return was dimmed by the growing fear that thousands of other captured Americans may never come back.

Three returning Americans now have told of fellow prisoners being sentenced by the Reds on phony charges of endangering the lives of other prisoners or "installing against peace."

In Washington today, Gen. Mark Clark, Far Eastern commander, said the Reds may hold from 2,000 to 3,000 more American prisoners than they have admitted.

The 81 Americans to be returned today will bring to 221 the total released by the Reds in the first three days of "Big Switch."

However, the condition of ill and injured prisoners — their appearance reminiscent of victims of the Nazi torture camps of Dachau and Buchenwald — will delay the United States homecoming of the few that are "healthy."

American officers at Inchon said the Reds are delivering so few "healthy" prisoners that it may take three weeks or more before enough are collected to make up a shipment of 400.

A summary of Thursday's prisoner exchange, issued by the United Nations armistice commission, said that "the exchange operation is smoothing out and speeding up." It said the "final group of 100 ROKs were received, processed and sent on their way in 11 minutes."

It added:

"Roads heading into the Communist prisoner exchange area were slow with clothing issued to them by the United Nations command. By the same token, roads leading to Freedom Village from the United Nations exchange area were littered with the blue cotton uniforms supplied by the Communists for our personnel."

Dulles, Rhee Reported Near Agreement

By ROBERT D. TUCKMAN

SEOUL (AP) — U. S. Secretary of State John Foster Dulles and President Syngman Rhee, apparently in accord on a U. S.-Korean mutual security pact, today mapped plan for the reconstruction of war-torn South Korea.

Dulles and top aides for almost two hours with the South Korean President while subordinate officers worked on final details of a mutual defense pact.

Authoritative sources said the treaty-subject to ratification by the U. S. Senate—could be ready for initialing before Dulles leaves Saturday for Washington.

Dulles told newsmen after today's session the talks were going "fine."

After the day, Dulles and the 78-year-old Rhee toured Seoul alone for a look at the city and what the U. S. diplomat called an informal pact.

Dulles said today's meeting, the second since he arrived Tuesday, was devoted largely to plans for spending 200 million dollars a year for the reconstruction of South Korea.

The money is the first of an expected 900 million dollar allocation to be spread over a three or four-year period.

Monday, August 10

The Wesleyan Service Guild of the First Methodist Church will meet Monday evening, August 10, at 7:30 p.m. at the home of Miss Kathleen Branch, 520 South Hervey, with Mrs. Pansy Plummer program leader. An interesting program on "What's What in the W. S. C. S.?" has been prepared by Mrs. Claude Tillery, chairman of Circle No. 5. All Business and Professional Women of the Church are cordially invited to attend the Guild meeting.

Mrs. Levins, Mrs. Roland Hostesses At Tea

Mrs. Robert Levins and Mrs. W. T. Roland entertained with a tea Wednesday afternoon, August 5, from 3 to 5 o'clock, at the home of Mrs. Levins for the pleasure of the ladies of the Church of Christ who are newcomers to Hope.

Mrs. M. B. Hatch greeted the guests at the door. The honored guests receiving were Mrs. Jewel Massingill, Mrs. A. C. Ball, Mrs. Wayne Latture, Mrs. Kelly Walton, Mrs. J. G. Kaiser and Mrs. George Lafferty. They were presented corsages of flowbunda roses.

Mrs. Earl Thompson invited guests into the dining room where Mrs. Lathrop Spates and Mrs. A. T. Oliver alternated at the tea service. Others assisting in the dining room were Mrs. Jeff Millican and Mrs. Eugene Cox. Mrs. Cecil Guthrie assisted in extending hos-

pitality.

The tea table, covered with a white cutwork imported linen cloth, was centered with an arrangement of roses flanked by white tapers in crystal holders. The mantel held twin arrangements of summer flowers. Arrangements of zinnias, marigolds and golden glow were used throughout the house.

Mrs. Wylie Croom was in charge of the guest book. 50 guests called during the appointed hours.

Catherine Hutton Circle of WMS Meets Monday

"The American Indian and The Jesus Way" was the program presented at the regular monthly meeting of the Catherine Hutton Circle of the W.M.S. of the First Baptist Church which met Monday afternoon, August 3, at the church.

Preceding the program, the regular monthly business meeting was held with the president, Miss P. J. Holt, presiding. Mrs. Jim Atchison brought the devotional. Mrs. W. W. Andrews was elected as a counselor for the Jeanette Hunker G. A. S. and Mrs. A. D. Brannon, an advisor for the Kathleen Mallory Circle of the W. M. S.

Mrs. Henry Haynes, circle leader for the Catherine Hutton circle, presented her sunbeams, Mary Virginia Bowden, Mary Alice Cason, Kay Horvay, Judy Owen and Joy Davis dressed in Indian head-dresses. These girls then passed out the programs which were made in the shape of teepees and were handpainted by Mrs. Windie Thompson.

"Christ for the Whole Wide World" was the theme song. The devotion, "Indian 23rd Psalm" was given by a sunbeam, Mary Virginia Bowden.

Mrs. Horace Fuller, representing Mrs. Frank Belvin, told of the Indian work in the States of the Southern Baptist Convention. It was learned that there were 30 tribes in 8 states where Baptist mission fields are.

To make the program more impressive, it supposedly took place in Mrs. Belvin's living room. Callers were missionaries from the various states. These missionaries and their various states were as follows:

Miss Jacque Williams, Mississippi; Miss Helen Hall, Florida; Miss Jane Burroughs, Kansas; Miss Nell Cassidy, North Carolina; Miss Billye Williams, Alabama; Miss Jan Moses, Arizona; Miss Joannette Barr, New Mexico; Miss Betty Owen, Oklahoma.

Special prayers were given by Mrs. A. T. Jewel and Mrs. W. M. Garner.

The table in the Belvin home held several Indian articles — a copy of the "Hogan House", home of the Navaho Indian, several teepees, an Indian doll and several Indian paintings.

The program was closed with the group repeating the "Indian Benediction".

Miss Thompson Feted With Shower

Miss Jacque Williams honored Miss Nelda Thompson, bride-elect of Thomas Doyle, with a miscellaneous shower at her home on Tuesday, August 4, at 7:30 p.m.

Arrangements of pink asters and pink Shasta daisies in milk glass bowls were placed at points of interest in the living room.

The honoree's chair was marked with a corsage of pink feathered carnations tied with pink satin ribbon. She wore a tulle-trimmed frock of white cotton fashioned with a white jacket.

In a series of contests, Miss Nell

Moscow Spurns U.S. Rejection

LONDON (AP) — Moscow radio said today the Soviet Union has spurned a United States protest against the shooting down of an American bomber off Siberia July 29.

The broadcast quoted a Russian note as saying the Moscow government had no knowledge of the 16 men missing aboard the U. S. plane.

The big B-50 bomber was forced into the sea. Only one of the 17 crewmen was rescued by an American naval vessel but the United States has said it had information that others may have been picked up by Russian craft.

The Moscow broadcast quoted the Soviet note as declaring the American protest "completely groundless." It had been filed by Washington officials after an earlier Russian charge that the U. S. bomber had flown over Soviet territory and opened fire on Russian jet fighters.

Brief Spree Results in One Death

DETROIT (AP) — A 13-year-old boy attempting to move his father's car a few feet set off on a wild ride yesterday that ended 1,800 feet later with the death of a man.

Charles M. Houchin, who had driven a car only once, told police that his father had given him the keys to get something out of the trunk.

The youngster said that he had to move the car since another was parked too closely behind. He accidentally got the automatic shift lever in reverse and piled into the rear car. Then the car suddenly rocketed ahead for a block, striking and killing Nicholas Hayden, 60.

Police released the boy pending further investigation.

Colton Duster Dies in Crash

STUTTGART (AP) — Byron King, 30, a pilot for Flying Farms, Inc., was burned to death near here yesterday when his plane crashed, exploded and burned in a field.

The accident occurred on the Ray Daugherty farm 10 miles east of here while King was dusting a rice field. The plane apparently developed trouble in the air, made a sharp turn close to the ground and then exploded in a cloud of dust and flame.

Sheriff Harold Woodson said King's charred body was still strapped in the cockpit when rescuers reached the plane as the fire died out.

King was survived by his wife and three small children.

Coroner Dr. Russell McCollum said the Civil Aeronautics Administration had been asked to investigate the crash.

MOSCOW, (UP) — The Supreme Soviet, the parliament of Russia, met today in its second session of 1953 before a capacity audience that gave Premier George Malenkov a standing ovation as he entered the great hall of the Kremlin.

The union council, one of the two chambers of the Supreme Soviet, met in an organizational session at 2 p.m. and adopted a two-point agenda: the budget and ratification of the legislation enacted by the presidium of the Supreme Soviet at its last meeting. It then adjourned until 7 p.m.

Casualty received the prize. A silver key tied with white satin ribbons, presented to the bride-elect by the hostess, was used to open the gifts on the table in the dining room.

Placed at one end of the table was a pink tufted umbrella under which the gifts were displayed. At the other end was a cascade arrangement of pink asters in a glass bowl flanked by pink taper holders in matching candlesticks. Pink gladioli were placed on the buffet.

The honoree received from the bride and her mother, Mrs. W. A. Williams, a gift in her chosen pattern of china.

The hostess served a salad plate with punch to the guests. She was assisted by Mrs. P. L. Perkins, Mrs. Lawrence Martin and her mother.

No Reason to Question, Warren Says

WASHINGTON, D. C. — Comptroller General Lindsay Warren said today his office has no reason to question payment of a \$3.75 daily fringe benefit to sheet metal workers at the Pine Bluff, Ark., Arsenal.

Warren investigated at the request of Arkansas congressmen after Little Rock sheet metal contractors had complained that the payment was unauthorized. The contractors also had complained of "collusion" between the Arsenal and the Arsenal contractor to hire more sheet metal workers than were needed on the job in order to withhold workers from the Little Rock contractors.

Warren said approval of the fringe benefit payments by the chief of Army Engineers, who must approve wage rates on the project, was within his authority and that "as the fringe benefit payments to sheet metal workers in the Little Rock area is received as being customary and recognized, the General Accounting office would have no cause to question the payments."

Warren added that there never

Shirley Is Catching Up on Childhood

By CARL BELL

SEABOY, Ark. — Shirley Bryant, who at 12 has lived through a lifetime of tragedy, is catching up on a lost childhood, thanks to a nation with a heart.

Even as a very little girl, Shirley was trying to fill a grownup's shoes. Both her mother and father worked, and Shirley mothered those of her six brothers and sisters who weren't old enough for school.

Then, just before Christmas last year, her family was suddenly wiped out. Her father, Hilton Bryant, started a wood burning stove with kerosene one morning. It exploded, leveling their little frame home in the Crystal Hill community near Little Rock.

Shirley was the only survivor. Painfully burned, she spent months in the hospital. And as doctors and nurses used their greatest skills, a Little Rock newspaper, the Arkansas Democrat, went to work to provide for her future.

The paper's "Shirley Bryant Fund" raised \$12,300 from sympathetic contributors all over the nation. E. J. Riskey, the Little Rock banker who is the fund trustee, says that, with interest, the money will see Shirley comfortably through college.

Today she is completely recovered from her critical injuries, except for a scar on her left arm which later will be removed by plastic surgery.

And she's launched on a road which will lead to a college degree.

Harding College at Searay was selected to carry out the educational plan.

Shirley came to Searay last May, and now lives with Mrs. May, and now lives with Mrs.

Tommy McElree and Mrs. Mary Montgomery spent the week end in El Dorado with Mr. and Mrs. Carlton McElree whose son, Tommy, has just returned from the Boy Scout Jamboree in California.

Mr. and Mrs. Doug Esterling, Sandra and Hutch were the Sunday guests of Mr. and Mrs. Wayne Jones in Magnolia.

Dr. and Mrs. J. B. Hesterly motored to Little Rock Sunday and Dr. Hesterly attended a committee meeting of the American Academy of General Practice.

Mrs. J. D. Lee attended a family reunion in Monticello Sunday.

Mr. and Ernest Hesterly and their guests, Mr. and Mrs. Jack Cooper of Texarkana spent Sunday in Arkadelphia with Mr. and Mrs. Sidney Loomis.

Pearl Dodd, a retired college student living just off the campus here, said she'll be enrolled in Harding Academy, a grammar and high school run by the college. But because she missed so much school, first mothering her younger brothers and sisters and then in the hospital, the little girl has been receiving special tutoring from a faculty member to prepare her to enter the seventh grade.

What seems even more pleasant is that, at last, Shirley has time to play. She even went to camp for a couple of weeks, has learned to swim, and, says Mrs. Dodd, "he seems to spend all her spare time swimming or riding her bicycle."

Does she help out with the house-keeping chores?

"Well," answers Mrs. Dodd, "she used to have to do so much of it, you know. She sets the table for me and helps a little with the cooking, but she likes to water the flowers, sweep the walks and do other things outdoors better than washing dishes or cleaning house."

In the short time she has been in Searay, Shirley has learned to play the piano remarkably well with only informal instruction, and soon will take regular lessons.

Like any other child, Shirley has

"three or four" favorite girl

friends.

Is she looking forward to the

start of school?

"No."

Why?

"There won't be any girls in my

class except me."

Doesn't she like boys?

"No."

What does she want to be when

she grows up?

"I wouldn't mind being a nurse,"

she replied, her face sobering

as she recalled her many days in

a hospital.

MODERATION... The American Way.

Twenty years ago this August 24, Arkansas ended an era of prohibition by again permitting the legal sale of beer and ale. Since 1933, the brewing industry has become a vital factor in the economy of our state. It has given employment to thousands of citizens; it has paid into the state treasury millions of dollars for all purposes—schools, hospitals, buildings, fair grounds and many more.

Beer, the beverage of moderation, has become an adjunct to gracious living as well as having

become an economic factor in our daily lives.

Through their self regulation program, the American brewers strive to see that their fine products, made from the finest raw materials in the land, are sold and consumed in friendly, clean and wholesome surroundings. Beer truly belongs in the American way of life—now and in the future.

Associated Phone Rates Suspended

LITTLE ROCK, Ark. — New telephone rates for the Arkansas A. Monette, Manilla, Lake City and associated Telephone Co., suspended Holly Grove are served by the last June, were suspended again yesterday for six months.

The Arkansas Public Service PSC authorized Rocky Comfort, a Commission said it had suspended Little River County community, to construct a natural gas line from the rates pending final determination.

In other actions yesterday, the commission also authorized appeals from Walter B. Lewis of Fort Smith and Elmer Morris of Wynne, who were refused permits. Douglas E. Fletcher to acquire ownership of the Quitman, Pan-

rence W. Goodwin of Relf Bluff burn and Rosebud telephone com-

on a beer permit refusal but took parties and the North Arkansas Utilities Service Co.

Because that's all the money it takes to buy this great new 1953 Buick SPECIAL.

That's all it takes to boss its high-compression Fireball 8 Engine—now stepped up to the highest horsepower in Buick SPECIAL history.

That's all it takes to enjoy its still finer Million Dollar Ride—its full six-passenger roominess—its light-as-a-flyrod handling ease.

But if you're surprised at this news, we can't blame you a bit.

Most people are—when they learn that you can get Buick styling, Buick structure, Buick room and power and comfort and steadiness, all for just a few

dollars more than the cost of the so-called "low-priced three."

Add another happy surprise.

In this Buick you get a long list of "extras" at no extra cost—things like direction signals, dual map lights, twin sunshades, lighter, trip-mileage indicator, automatic glove-box light, oil-bath air cleaner, full-flow oil filter, bumper guards front and rear—things most other cars of similar price charge as extras.

So there you are—definitely able to move right into this big, broad, robust-powered Buick for a price you'd expect to pay for a lesser car.

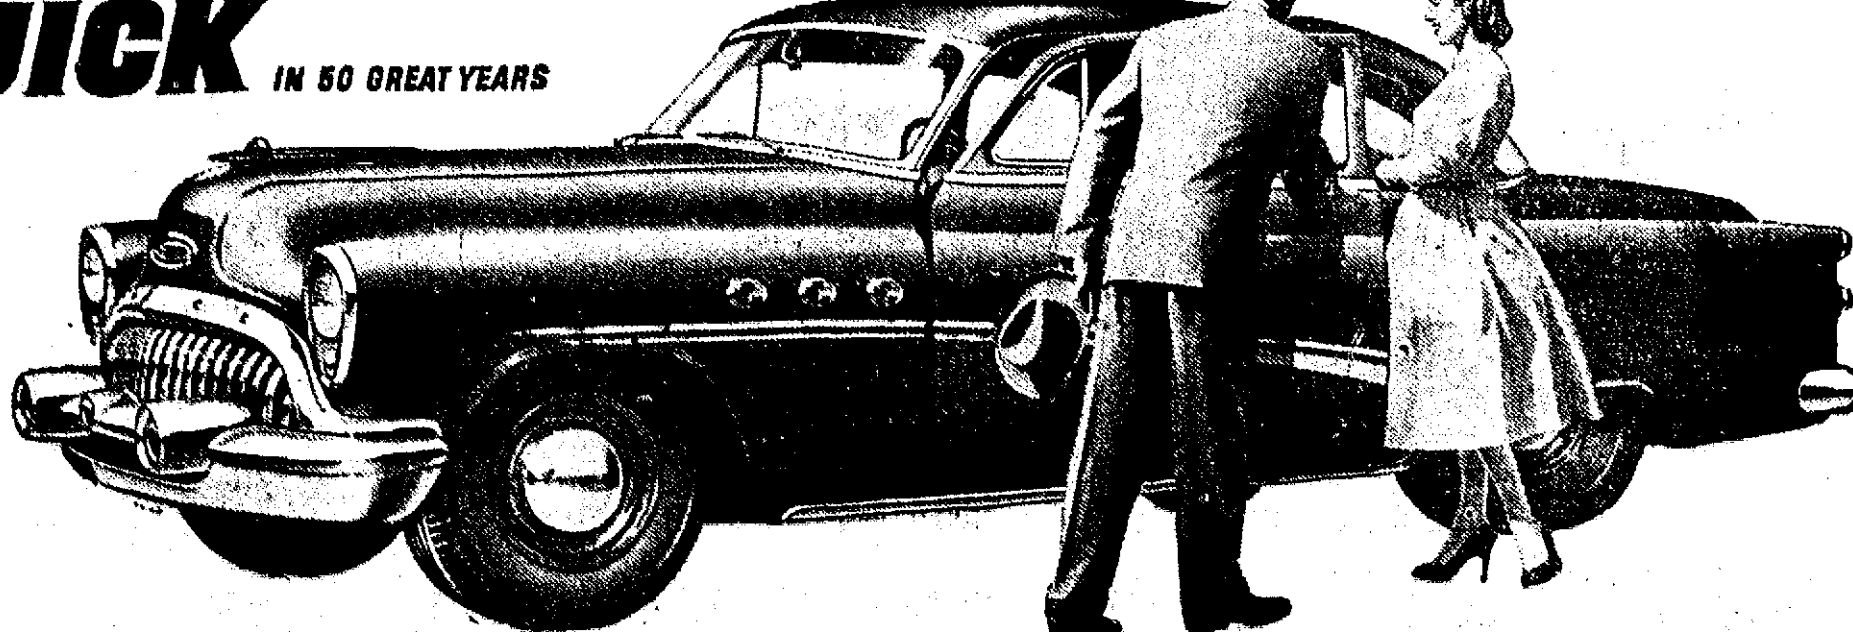

Why not drop in on us to see and drive this honey of a buy? The rest we'll leave up to you.

Move right in
for only \$2415.00*

Aragon Wants to Meet Kid Gavilan

SAN FRANCISCO (AP)—Cocky Art Aragon was hollering today for a shot at Kid Gavilan, welterweight title, thanks to a smashed lip belonging to a game puncher named Henry Davis.

Aragon, the Los Angeles Golden Boy, was behind on points 14-11 in a 10-round struggle when he cut Davis' mouth in the ninth with a hard right. The fight was stopped in the 10th.

At the end of the ninth, Davis, a 4-1 underdog, was leading on both judges' cards 50-49, but trailing on Referee Frank Brown's 47-51. At 138½ he gave Aragon 5-pounds.

Blood spurted from Davis' mouth early in the 10th, and Brown sent for the state commission physician, Dr. Robert Ladden. Ladden looked at the lip and advised Brown to stop the fight.

"Another solid punch and he might have lost the lip," Ladden said.

The 2,000 fans in the huge Cow Palace didn't see what Ladden saw, and let out a terrific boot at the decision, which came at 1:39. Probably the nationwide television audience felt the same way. The cut was inside the mouth.

Aragon, ranked No. 7 welter contender, and his manager Jimmy Roche said they want Kid Gavilan, the world welterweight king, next month in Los Angeles.

Per capita production of electricity in Sweden is about the same as that in the United States.

OH, ZIP! WHAT'S COME BETWEEN US? THAT SIMPLE LITTLE GOODBYE HAD A KINDER TONE THAN ANYTHING YOU'VE SAID TO ME FOR YEARS...

IT'LL ALL BE OVER IN A FEW MINUTES... THEN I'LL BE FREE!

BOY! THERE GOES THAT MR. BARLOW... NO WONDER THEY CALL HIM ZIP! HE'S NEVER GONNA DIE IN BED, NOT THE WAY HE DRIVES!!

CARNIVAL

You haven't missed a day or been late since you've been here, Murdock—just what are you up to, anyway?

OUR BOARDING HOUSE

UGH-AW-HAW-HAW-HEE-HEE-HO-WHOO-EE!

LEAD THOUGH! WHAT KIND OF TRICKERY IS THAT? LAUGHING BOY IS OVER-COME BY FITS OF GIGGLING!

MAYBE THE KID TOLD HIM THE STORY ABOUT THE INDIAN WHO COULDN'T GET IN THE HOTEL BECAUSE HE HAD NO RESERVATION!

IT LOOKS LIKE A TICKLISH SITUATION.

FUNNY BUSINESS

"A burglar to see you, sir!"

WIDE GLANCES

You first, grandpa. Oh, Mr. Smithers? Well, you still haven't caught up to me—I've got three!

Boxer, Prostitutes Jailed in Chicago

CHICAGO (AP) — Police seized heavily armed boxer Rob Satterfield, 29, today at his South Side home and charged him with operating a house of prostitution.

Two women also were arrested and charged with soliciting Satterfield and the women are Negroes.

Detective Russell Burton said police were told by a tipster that they could make an appointment with women at the Satterfield residence by telephoning and giving the passwords, "Jack" and "December 1."

The detective said he and Detective Harry Iwicki were admitted to the home after giving \$75 in marked currency to one of the women, Effie May Cooper, 22. The former woman seized was Jean Thompson, 24. Police said they were nabbed while giving an indecent performance.

State Champs, Hope Nine Meet Tonight

Tonight's game between the Hope Legion team and the Arkansas Semi-pro champs of Stuttgart could prove to be one of the most interesting ones here this season.

About the only team in this section that has given the Hope nine a good game was the Camden Rockers, who were eliminated in the first round in the state playoff. Hope has beaten the Rockers twice.

At least Stuttgart has the best team in the state which participated in the playoff. So far local fans have had no way of determining just how good the Legionnaires really are.

Tonight's contest may reveal this, barring a blowup by either team. Certainly the largest local crowd of the season will be on hand.

Origin of the U.S. Memorial Day is said to be an order by Gen. John A. Logan, in 1858 when he was commander of the Grand Army of the Republic, northern Civil War counterpart of today's American Legion requiring all posts to hold ceremonies during which flowers were to be placed on war graves.

From 1939 to 1952, industrial wages in Sweden rose 200 per cent.

Games Today Mean Everything to Milwaukee

By BEN PHLEGAR

Associated Press Sports Writer

With one eye on the standings and the other on the calendar, this looks like the day of decision for the Milwaukee Braves.

Charlie Grimm's club runs up against league-leading Brooklyn today. Nothing less than a pair of victories will convince anybody except the rabid Milwaukee fans that the Braves still have a pennant chance.

The Braves, who jumped from a lackluster seventh-place outfit in Boston to dangerous contenders in Milwaukee, trail the Dodgers by 7½ games. Twin triumphs would leave them 5½ behind; a double defeat would drop them 9½ back. It's a rare season when a club can make up that much ground in seven weeks, all that's left of the 1953 campaign.

Only six games remain between the two clubs, including the double-header today. So far Brooklyn has won 11 out of 16, six out of seven in the Braves' own field.

The Dodgers suffered their first loss in Milwaukee yesterday, a 5-3 decision which saw the Braves come from behind in the eighth inning.

Third-place Philadelphia, nine games back of Brooklyn, clinched fourth-place St. Louis 7-3. The New York Giants, who have collapsed completely in the West, lost two more, 9-6 and 7-6 to Chicago with the second game running 10 innings. Pittsburgh defeated Cincinnati 6-4.

The top spots in the American League remained static with the New York Yankees still five games ahead of the Chicago White Sox. Although both won, neither the Yanks nor the Sox had easy going.

New York had to come from behind to edge Detroit 5-4 while Chicago was carried 14 innings at Philadelphia before Sam Meibroke it up with a two-run homer.

Ben Flowers pitched a shutout in his first major league start for Boston, beating St. Louis 5-0. Bob Porterfield threw his seventh shutout and his second in a row as Washington trounced Cleveland 11-0.

Detroit outlasted New York 13-10 but the Yankees made their extra base hits pay dividends while the Tigers were settling for singles. Gus Trandao, just up from Birmingham, and Billy Martin

Committees Set Up for Fishing Rodeo

Wes Ninemire, chairman of the Better Fishing Inc. program in Hope, said today that the general committee had been selected and plans are progressing for the Boys and Girls Fishing Rodeo. Members of the BFI General Committee are:

From Lions Club, Doctor Herbert Rogers, Al Page and Kinard Young. From Kiwanis Club: Hendrix Spraggins, Syville Burke, Mike Schneider. From Rotary Club: Bill Wray, Kenneth Ambrose and Fred Gresham.

The committee is working on plans for refreshments, a fishing site, prizes, transportation and other similar problems with reference to the fishing, derby.

The committee feels that all boys and girls 15 and under will have a very enjoyable day, August 22, when the National Boy's and Girl's Fishing Rodeo will be held.

homered for New York and the winning can scored in the seventh when Yogi Berra doubled home Mickey Mantle.

Mohr's winning blast was the fourth home run in the Philadelphia marathon. Gus Zernial and Ray Murray homered for the A's in the second and Ed McGhee tied the count in the eighth with a two-run blow. Billy Pierce, who came in to relief in the eighth, picked up his 14th victory.

Wildness ruined Willard Schmidt's return to the big time with St. Louis. He gave the Phils only five hits in eight innings but he walk six. Bob Miller lamed the Cards after Stan Musial homered with Red Schoendienst on base in the first inning.

Ted Kluszewski drove in three runs with two homers and Gus Bell also homered for Cincinnati but the long ball attack wasn't enough against the Pirates. The heavy hitting came against 19-year-old Jim Wright, who won his first game of the season. Johnny Hotel pitched four hitless relief innings.

The Giants scored Chicago eight runs in the first game and when they tried to catch up in the eighth inning, elderly Dutch Leonard stopped them after five runs were across. In the nightcap, singles by Warren Hacker, Frank Baumholtz and Tommy Brown produced the winning run in the 10th.

Golfers Have Stage Fright at Chicago

By CHARLES CHAMBERLAIN

CHICAGO (AP) — "Top Bonanza" tournament golf's richest production, starts at Tam O'Shanter today, and a lot of cases of stage fright are expected.

The copyright name of the meet is "The World Championship of Golf." A safe bet is that a well-seasoned pro will win, a pro who won't choke up with the thought that each shot he takes in the 72 holes of competition can be worth about \$90.

Tournament promoter George S. May has put up a \$75,000 prize fund, enough to choke any dark horse. The winner's share is \$23,000, the biggest money prize golf has to offer.

A selected field of 33 contestants will start a stab at the big money, Sam Snead, who says his injured hands are feeling much better, is one of the main favorites. When big money is down, Snead is usually up. He proved he was ready to go prospecting by shutting

second in the Tam O'Shanter. All American Tournament Monday. He closed with a 68 for 278.

The All American winner, Lloyd Mangrum, with 273, may be able to repeat for the "World" title, like he did in 1948, but the pros say the odds against this are about 30-1.

Other favorites include Jack Burke, Walter Burkemo, Ed Oliver, Al Bessellink and Cary Middlecott.

After practices yesterday, Burke and Middlecott predicted that a 72-hole total lower than 275 would be needed to cash in for first money.

Almost all of golf's big name performers, except Ben Hogan, who did not enter, are poised for the golf rush. Some 20 foreign stars add an international flavor.

The oldest known documents of India refer to milk and butter.
